IN UAE**

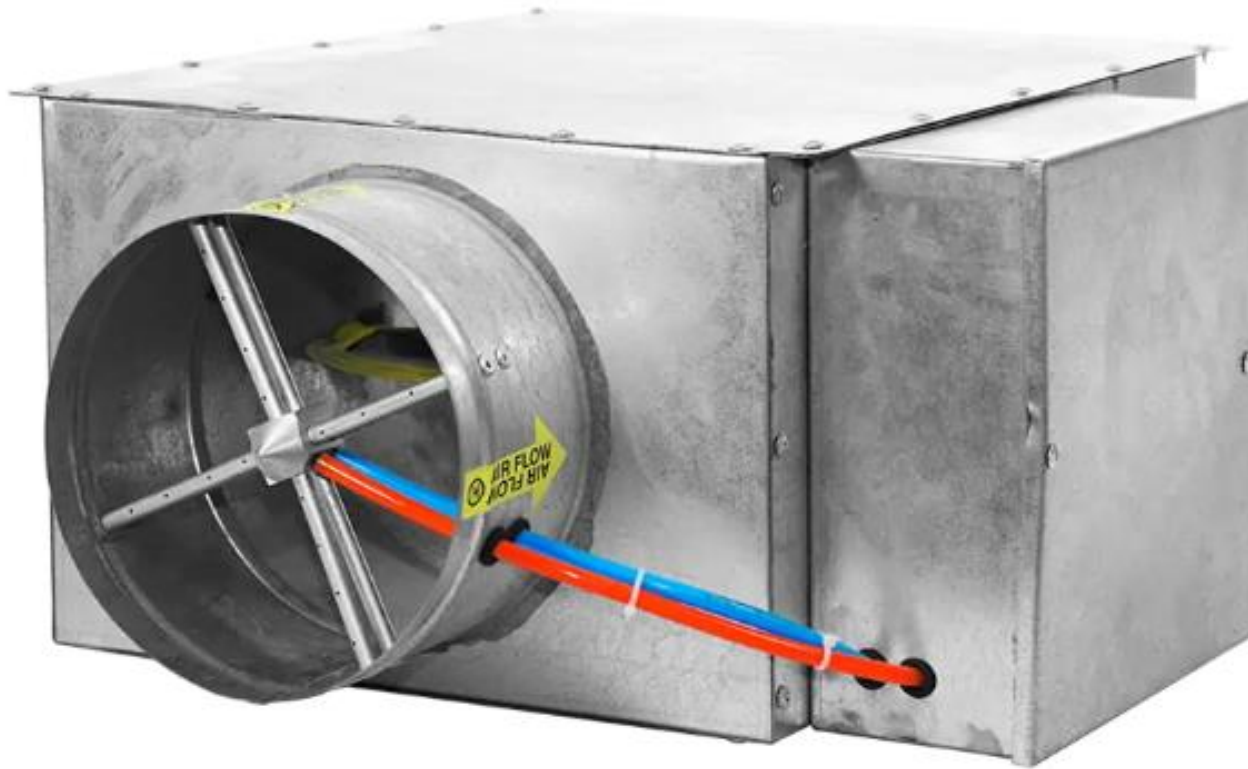

ABOUT US

As one of the UAE's leading producers of HVAC air distribution products, TECNALCO has established a very high bar. Apart from guaranteeing quality excellence and maintaining a customer-centric approach in both planning and implementation, the plants are consistently upgraded and redesigned to stay ahead of the curve in terms of global trends and evolving technologies. Every plant is always enhancing its procedures to maintain its environmental sustainability and responsibility.

TECNALCO
ALUMINIUM TECHNICAL ENGINEERING FACTORY

HVAC MANUFACTURERS IN UAE

We are a cutting-edge, high-tech corporation with expertise in the design and production of air conditioning systems. In the United Arab Emirates, we are a capable manufacturer and provider of HVAC air distribution products. Our company is growing quickly these days since our products are well-recognized on many global markets and fulfill international quality standards. We place a high importance on brand development and exceptional creativity. Umm Al Quwain, United Arab Emirates is home to TECNALCO's production facility, one of the biggest and most established producers of air distribution products. It provides air conditioning sets, OEM products, and consumer durables.
